

PBE Exchange

Catalog Order

How it Works

Catalog Order allows users to search for products within their Approved Price List (APL). Products can be searched by entering a code or description or applying filters by categories.

Once a product is located, users enter a quantity and add the product to their shopping cart.

From the PBE Exchange home page, click **Create Order** in the header, then click **Catalog Order** from the fly out menu.

PLACE ORDER

Order Summary

Axalta Invoiced	
1 items	\$45.89
Distributor Invoiced	
7 items	\$0.00
<hr/>	
ORDER TOTAL	\$45.89

Enter your purchase order number or select **Generate Axalta PO#** or **Generate Distributor PO#**.

If both PO# fields appear, enter a purchase order number in both fields.

Verify the **Ship To Address**.

If you have any additional instructions, type them in the **Instructions for Distributor** field.

When finished, click **Place Order**.

NOTE: For the **Place Order** button to be active, all required fields must be completed.

THANK YOU, YOUR ORDER HAS BEEN PLACED.

After your order has been placed, the confirmation page will appear with options to **Print Your Order** or **Save Order as a PDF**.
