

PBE Exchange

Non-Catalog Order

How it Works

Non-Catalog Order allows users to order products outside of their Approved Price List (APL), but still available through their distributor.

From the PBE Exchange home page, click **Create Order** in the header, then click **Non-Catalog Order** from the fly out menu.

Note: Non-Catalog Order only appears if you are specifically setup for this additional feature.

To narrow your search, either type a code or description or mark one of the boxes on the left side of the page.

Next, go to the **Quantity** column to type your amount or click the up or down arrows.

NON-CATALOG ORDER

ADD TO CART

When finished, click **Add To Cart**. The **Success** prompt will appear indicating your selected product(s) have been added to your shopping cart.

When satisfied with your order, click the shopping cart icon in the top right corner of the page to check out.

PLACE ORDER

Order Summary

Axalta Invoiced	
1 items	\$45.89
Distributor Invoiced	
7 items	\$0.00
<hr/>	
ORDER TOTAL	\$45.89

Type your purchase order number(s) or click **Generate Axalta PO#** or **Generate Distributor PO#**.

Note: If both PO# fields appear, type a purchase order number in both fields.

Verify the **Ship To Address**.

If you have any additional instructions, type them in the **Instructions for Distributor** field.

When finished, click **Place Order**.

Note: For the **Place Order** button to be active, all required fields must be completed.

THANK YOU, YOUR ORDER HAS BEEN PLACED.

After your order has been placed, the confirmation page will appear with options to **Print Your Order** or **Save Order as a PDF**.
