Introducing

ColorNet®
Cloud

Upgrade to the next generation of color retrieval and reporting

About ColorNet® Cloud

ColorNet Cloud is Axalta's next generation, cloud-based color retrieval and paint department management platform. ColorNet Cloud features a redesigned user experience, new and improved functionality, and seamless integration with other Axalta products and services such as the Axalta PBE Exchange.

Features

A redesigned interface

Simplified color retrieval and product search

Customizable dashboard and reporting

Live chat customer assistance

Benefits

Compatible with ColorNet 2 Database

Preserves historical data

No data migration

How to Upgrade

To upgrade to ColorNet Cloud, open ColorNet Web and click the red link titled 'ColorNet Cloud Upgrade' in the top right corner, then follow the prompts to upgrade. There is no additional charge to upgrade to ColorNet Cloud, and all historical data will be preserved through the transition.

Deadlines

All ColorNet Web 2.0 users must upgrade to ColorNet Cloud by December 31, 2023.

To learn more about ColorNet Cloud, visit: axalta.us/colornet-cloud

If you have any questions, please contact Bob Kast at robert.kast@axalta.com.
